### 1. Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

### 2. Legislation and guidance

This policy reflects the requirements of the [Education Act 1996](#).

It also based on guidance provided by our local authority.

### 3. The responsibilities of the school

A child unable to attend school because of health needs must not, therefore, be removed from the school register without parental consent and certification from the school medical officer, even if the LA has become responsible for the child's education. Continuity is important for children and knowing that they can return to their familiar surroundings and school friends can help their recovery and their educational progress.

#### 3.1 If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

- Melanie Entwistle Head of school is responsible monitoring these arrangements
- Arrangements that could be made sending work home, hospital schools)
- Staff will communicate with parents by phone or email and will ensure all multi agency meeting are attended by a member of staff from the Greens ENS
- Pupils will be reintegrated back into school with all relevant information considered 3.2 If the local authority makes arrangements

If the school can't make suitable arrangements, The local authority with responsibility for the pupil on role will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required

- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully
- When reintegration is anticipated, work with the local authority to:
  - Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
  - Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
  - Create individually tailored reintegration plans for each child returning to school
  - Consider whether any reasonable adjustments need to be made

#### **4. Monitoring arrangements**

This policy will be reviewed annually by Melanie Entwistle Head of school. At every review, it will be approved by the full governing board.

#### **5. Links to other policies**

This policy links to the following policies:

- Accessibility plan
- Supporting pupils with medical conditions
