Equality Objective 1:

- To support members of our school community that require support around their mental health. To achieve this objective we plan to:

Progress we are making towards this objective:

- We have regular staff supervision to support them and feedback has been positive
- Pupils that have received CBT have benefitted and we will continue this offer on a rolling programme with specific pupils identified.

Objective 2:

- To improve staff understanding of sexuality, we have chosen this objective to ensure that we understand our responsibilities as a school and to educate our school community to adhere to this objective.
- To provide whole staff training from external agencies and provide workshops for those pupils where appropriate.

Curriculum and environment

The curriculum offered in the setting encourages children to develop positive attitudes about themselves as well as to people who are different from themselves. It encourages children to empathise with others and to begin to develop the skills of critical thinking.

We do this by:

- Making children and young people feel valued and good about themselves.
- Making adjustments to the environment and resources to accommodate a wide range of learning, physical and sensory impairments.
- Making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities; e.g. recognising the different learning styles of girls and boys.
- Positively reflecting the widest possible range of communities by enhancing the choice of resources.
- Avoiding stereotypes or derogatory images in the selection of books or other visual materials.
- Celebrating a wide range of festivals.
- Creating an environment of mutual respect and tolerance.
- Differentiating the curriculum to meet children's special educational needs.
- Helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable.
- Ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning.
- Ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages.

Valuing diversity in families:

- We welcome the diversity of family lifestyles and work with all families.
